

Meeting Minutes – TalentSync AI

Date: [06/22/2026]

Time: [3:30PM-4:30PM]

Duration: 1 Hour

Location: Zoom

Members Present

- Samuel Chonay
- Devin Blake
- Junnorry Fil
- Josue Guerra
- Neilia Dillon

Samuel Chonay

- How many hours did I work since the last meeting?
 - 1
 - What was done since the last scrum meeting?
 - Continued organizing project documentation and Sprint artifacts.
 - Refined system architecture and deployment documentation.
 - Reviewed repository organization and integration planning between components.
 - Continued preparing administration and deployment guides.
 - What is planned to be done until the next scrum meeting?
 - Continue refining deployment and administration documentation.
 - Continue organizing integration requirements between components.
 - Continue documenting infrastructure requirements.
 - What are the hurdles?
 - Limited experience with deployment planning and cloud technologies.
 - Integration requirements may change as implementation progresses.
-

Neilia Dillon

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued refining UI wireframes and dashboard layouts.

- Expanded user navigation and workflow documentation.
 - Continued organizing candidate profile and resume upload screens.
 - Reviewed additional design examples for inspiration.
 - What is planned to be done until the next scrum meeting?
 - Continue refining UI layouts and workflows.
 - Continue organizing page components and design standards.
 - Continue reviewing user experience requirements.
 - What are the hurdles?
 - Requirements may evolve as backend features become clearer.
 - Limited experience designing larger dashboard interfaces.
-

Junnorry Fil

- How many hours did I work since the last meeting?
 - 1
 - What was done since the last scrum meeting?
 - Continued researching OpenAI integration approaches.
 - Expanded backend workflow documentation.
 - Continued reviewing API design concepts and service interactions.
 - Organized notes related to resume analysis workflows.
 - What is planned to be done until the next scrum meeting?
 - Continue refining backend workflow documentation.
 - Continue researching API requirements.
 - Continue reviewing implementation options.
 - What are the hurdles?
 - Determining realistic AI features within project scope.
 - Limited experience designing APIs and AI integrations.
-

Josue Guerra

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued refining database requirements and entity relationships.
 - Expanded documentation for database tables and schema planning.

- Continued reviewing normalization and data organization concepts.
 - Organized notes related to backup planning.
 - What is planned to be done until the next scrum meeting?
 - Continue refining database documentation.
 - Continue reviewing relationships and constraints.
 - Continue documenting backup procedures.
 - What are the hurdles?
 - Database requirements may continue evolving.
 - Limited experience designing larger relational databases.
-

Devin Blake

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued refining authentication and RBAC documentation.
 - Expanded security notes and QA planning requirements.
 - Continued organizing user permissions and access requirements.
 - Reviewed testing considerations for future implementation.
- What is planned to be done until the next scrum meeting?
 - Continue refining security documentation.
 - Continue developing QA procedures.
 - Continue documenting authentication requirements.
- What are the hurdles?
 - Security requirements may evolve during implementation.
 - Limited experience creating comprehensive QA documentation.
